PHILOSOPHY BEHIND FORMATION OF SHIKVAN NGO

- **Break the vicious cycle:-** We found some glitches in education framework in Gadchiroli at rural level and that makes them unaware about their health nutrition, various opportunities in employment, educational scope this lead to isolation from mainstream ideas & Technology. These vicious cycle still continue from many generation so we need to break this cycle. Therefore, shikvan NGO tries to break this cycle through Educational & social Awareness un pahili_te_naukri project.
- **Pahili_te_Naukari :-** 1st to 12th online education and mentoring them continuously at personal level . Teachers & Students Assessment, Ethical education for Teacher, Students & Parents, and also Parents meeting, Teachers meeting on regular basis & career guidance, current affairs programme via webinar.

VICIOUS CYCLE

- What is vicious cycle:-

A sequence of reciprocal cause and effect in which two or more elements intensify and aggravate each other, leading inexorably to a worsening of the situation.

VIRTUOUS CYCLE

WHAT ARE THE PROBLEMS PREVAILING IN GADCHIROLI DISTRICT?

The Red Corridor

- As of Census 2011, Gadchiroli District is the second least populous district of Maharashtra. The district is a part of the Red Corridor. The Red Corridor is a region in the east of India that experiences considerable Naxalite Communist insurgency.
- These are also areas that suffer from the greatest illiteracy, poverty and overpopulation in modern India.

Difficult geographical terrain

- 76% area of the district is Forest. The district has the maximum “very dense” forest area (4706 Sq. Km.) amongst any district in India (State of Forest Report 2017 FSI).
- Undulated and hilly terrain where even the plains have a steep slope. Loss of connectivity for 212 villages in monsoon for 4 months.

Left wing extremism district

- It is the 4th Worst affected LWE district as categorised by Ministry of Home Affairs. Reluctance of government functionary to work in such places is a challenge.
- The Naxalites or Maoists are committed with the aim of overthrowing current capitalist system and replacing them with Marxist–Leninist or Socialist Societies.

Lack of awareness among people about their rights

- Large segment of tribal population continues to stay disconnected from the “mainstream”. This leads to lack of awareness about government schemes and forest rights - the concept of entitlement is missing (though increasing).
- Linguistic diversity - Seven languages are spoken in the district i.e., Gondi, Madiya, Marathi, Hindi, Telugu, Bengali, Chhattisgadi. Hence, it becomes challenging for communication for government schemes and programs among the people.

INCEPTION OF SHIKVAN NGO

History:-

- In 2020, Informally we started the educational activities on individual basis at Botheda, Gadchiroli , Sub Division District and at Maveli, Etapalli. We found some problems in educational teaching & learning method at rural areas viz basic Mathematics, Science, Reading Skills, Lack of Innovative approach and learning activities in Gadchiroli.
- E.g 1st - 12th class student does not know basic mathematics problem of 7th class.
7th - 8th std student does not know spelling of basic english words like table, clothes, twelve, eleven, etc
- Therefore, Back in 2021, our Team members realized that by working together we could overcome these challenges much more efficiently & effectively and that is why we ultimately decided to launch officially **Shikvan Samajik Bahuddeshiya Sanstha** ((reg no.gad/000033/2021) at Gadchiroli in Maharashtra.

INCEPTION OF SHIKVAN NGO (CONTD.)

- We also diversify our work i.e. Donate books & clothes to needy and destitute people.
